About SENSIT Technologies

Headquartered in Valparaiso, Indiana, SENSIT Technologies (SENSIT) designs, manufactures and services a complete line of natural gas leak detection instruments, combustible gas indicators and toxic gas monitors. SENSIT's product line also includes vehicle-mounted methane detectors and natural gas pipeline locators. The company currently has over 20 products that are used by hundreds of customers, both domestic and international, across the broader energy, emergency response and industrial safety markets. SENSIT has been committed to providing customers with world-class and innovative detection solutions for more than 30 years.

About Crane Group

Founded by Robert S. Crane Sr. in 1947, Crane Group is a family-owned, privately held company based in Columbus, Ohio. In addition to investments in private equity, real estate and equities/bonds, Crane Group also owns and manages a network of local, regional and global companies including Able Roofing, Crane Materials International, Screen Machine Industries, irth Solutions and SENSIT Technologies. The company's products and services are known for being innovative and high quality and are market leaders in their respective categories. With the fourth generation in the family business, Crane Group celebrates and upholds the values, entrepreneurial spirit, passion and drive established by the first generation's leadership.
